NUMBER 20.

## NO RELIEF IN SIGHT

Little Change Today in the Flood Situation.

### BUSINESS HOUSES UNDER WATER

Red River District People Decline Government's Offer of Aid—The Situation at Various Points.

CAIRO, Ill., April 9.—The streets of Cairo are flooded. The heavy rains of the last two hours have raised the seep-water until it first filled the gutters and the down-town business streets, then overflowed the sidewalks and finally covered the floors of several business houses, and is still rising.

For the last six or seven weeks the stores have been closed on account of high water. The water covers the sidewalks on both sides of Eighth street, lower Commercial and Washington avenues. The pavement all around the custom-house is several inches deep in water. The Cairo electric street-railway tracks are under water on Walnut street. The city has purchased a powerful pump to drain the town. It has a capacity of 1,000,000 gallons an hour. It arrived yesterday, but cannot be set running for several days. Until then, no relief can be obtained, as the river must fall eight feet before the sewers can be opened.

### GOVERNMENT AID DECLINED.

Red River Flood Victims Will Be Cared for at Home.

WASHINGTON, April 9.—The people of the submerged district of the Red river of the North have declined the government aid voted them by congress on Wednesday.

When the flood came in the Red-river quarter, a million dollars' worth of property was destroyed at Fargo, N. D., and fifty miles of fertile territory inundated. An appeal was made to congress through the mayor of Fargo. Yesterday the prospects all along the Red river of the North were brighter, and this morning Representative Johnson received the following telegram from the mayor of Fargo:

"Have declined aid from congress. Water receding fast. Damage not as great as expected."

### River Falling at Pierre, S. D.

PIERRE, S. D., April 9.—The river reached the highest stage here last evening, about twelve feet. It has fallen about six inches, with very little ice running, this morning. The city received its first mail for twelve days by hand car from the Medicine Creek wash-out.

### Still Rising at Vicksburg.

VICKSBURG, Miss., April 9.—By noon today the river will reach the fifty-foot mark. Telegrams from Tallula this morning report all the levees safe as far as heard from. The rise increases three-tenths of a foot in twenty-four hours.

### Flood in South Dakota.

ST. PAUL, April 9.—A. Mellen, (S. D.) special says: The surrounding country is flooded, railroads washed out and there have been no mails for two weeks. The James river has risen seven feet higher than ever before, and is a mile wide. It has washed out three large iron bridges in the country. Large numbers of livestock have perished. All the farm dwellings on the river bottoms have been swept away.

### Greenville is Isolated.

JACKSON, Miss., April 9.—At 10:30 a. m. today all wire communication with Greenville, Miss., is lost. This fact may be significant. The city for days has been seriously threatened by the Mississippi's flood. Startling rumors are current here.

### Another Rise at St. Louis.

ST. LOUIS, April 9.—Nearly one and one-half inches of rain fell here yesterday, and as a result rivers in this section have risen. The Missouri shows an advance of a sixth of a foot at Booneville, while here the Mississippi rose five inches to 27.8 or 1.2 feet under the danger line.

### WAR PREPARATIONS CONTINUE.

Turks Are Fast Losing Faith in the Powers.

CONSTANTINOPLE, April 9.—Warlike preparations throughout the Turkish empire continue to be steadily pressed, although there is not much change in the Eastern situation. A very pessimistic feeling prevails here at the failure of the powers' attempts to coerce Greece. A blockade of the Piræus seems as far off as ever, and the war party is bringing pressure to bear on the government, with the result that the porte has des-

patched circulars to its representatives abroad, setting forth that the Turks are growing impatient at the prolongation of the crisis, which is pressing heavily upon the embarrassed exchequer. The belief prevails here that the powers are losing their hold over the course of events, and that their so-called concert is a failure. A new danger has arisen, through the circulation in Constantinople and the provinces of a pamphlet reciting alleged Christian atrocities on Muslims in Crete and elsewhere. This has so inflamed the Turks against the Greeks that the Grecian minister has drawn the attention of the porte to the matter. The government has taken steps necessary to prevent outbreaks upon the part of the populace.

### A BATTLE IS RAGING.

Greek Brigades Have Engaged Turkish Troops in Krania.

ELASSONA, Macedonia, April 9.—Noon.—Bands of Greek brigades have entered Turkey at Krania in the vicinity of Grobina. Turkish troops have been engaged with them and fighting has been proceeding since 5 o'clock this morning. At Turkish headquarters the news is looked upon as of the gravest description in view of the excitement here. Edhem Pasha has sent orders to have everything in readiness for an advance of the Turkish army in force.

ELASSONA, April 9.—4 p. m.—A dispatch received at Turkish headquarters here from Grovena says the fighting between Greeks and Turks continues. The Turks, following out the instructions of Edhem Pasha, have surrounded the Greek irregulars and the greater part of the Turkish division stationed at Grovena is now advancing. It is impossible to distinguish whether the invaders are supported by any substantial portion of the Greek regular army, but the correspondent of the Associated Press is informed the moment the Turkish officers ascertain the presence of uniforms of Greek regulars in the ranks of the aggressors, Edhem Pasha will order an advance of the entire Turkish army. The situation is most serious.

### Edhem Pasha's Orders.

ELASSONA, April 10.—Edhem Pasha, commander-in-chief of the Turkish army, has received orders from Constantinople to cross the frontier of Greece with his forces, should it be proved that the Greek regular troops are among the invaders. The Turkish troops will continue advancing against the invaders, who will shortly find themselves between three fires.

The telegraph line between here and Janina, the headquarters of the Turkish army, stationed to meet the possible advance of the Greeks from Arta, has been cut, but the service continues via Monsatari. The Greek irregulars crossed the frontier in the night and surprised and burned four Turkish outpost stations. The Turkish troops are advancing toward the point of attack from Diskata, Ispillo and Metzko.

### Montenegrin Frontier.

LONDON, April 10.—A dispatch from Constantinople reports serious trouble near the Montenegrin frontier, in the district of Sera. Sanginary conflicts have taken place between Albanians and Muslims and Christians. Troops sent to restore order lost several men killed. The Montenegrin minister at Constantinople has sent a protest warning the Turkish government that if Muslims continue their attacks, it will be difficult for Montenegro to prevent her subjects from going to the assistance of the Christians.

### Hunter Lacked One Vote.

LOUISVILLE, Ky., April 9.—On the third ballot today Hunter was within one vote of election. On the second vote Representative Baldwin made a speech and cast his vote for Hunter, making his vote 63. Senator Stege announced if Hunter got one more he would vote for him, electing him. The winning vote did not come.

### Seized by the British.

CAPE TOWN, April 9.—The Argus of this city announces it has received information from Pretoria that the British have secured Inyack island, at the entrance to Delagoa bay, and a squadron of warships from this port will proceed there to take possession and proclaim it British territory.

### The Grand Duke Killed Himself.

CANNES, France, April 12.—The fact became public today that Grand Duke Mecklenburg-Schwerin, whose death was announced as having occurred at 9 o'clock Saturday night, committed suicide. It had been stated his death was due to aneurism of the heart.

Do not fail to call on Dr. Lannerberg, the eye specialist, and have your eyes examined free of charge. If you suffer with headache or nervousness you undoubtedly have imperfect vision that, if corrected, will benefit you for life. Office in the Vogt block.

## JAPAN TAKE WARNING

Interference Will Not be Permitted in Hawaii.

### SENATOR VOORHEES PASSES AWAY

The Greek Irregulars Invade Macedonia, and the Cry Goes up as It did 2000 Years Ago.

WASHINGTON, April 10.—The administration has been greatly disquieted by news from Hawaii, especially the facts that are set forth in the news dispatches, following as they do the rather dry but very important statements made in the last report from United States Consul-General Mills at Honolulu. The latter, after referring briefly to the attempt of the Hawaiian government to deport the lot of Japanese coolies who had arrived from Japan in violation of the immigration laws, gave in a short table a comparative exhibit of the numerical strength of the various nationalities represented in the population of the islands. From this it appears, and to the fact Consul-General Mills called special attention that the Japanese population was second, and that if the "peaceful invasion" continued at the same rate it has been increasing during the past three years, it would only be a matter of a year or two before the Japanese were the dominant power in the islands.

Dispatches supplemented this statement by statements of the turning back of Japanese and of threatened resistance to the deportation.

When the Philadelphia sailed from San Diego a day or two ago, it was said it was the purpose of the navy to substitute a more creditable vessel at Honolulu for the Marion. It now develops that the Marion is likely to be retained on the station, instead of giving place to the Philadelphia; and, although it is not admitted that any particular significance can be attached to the fact that the United States will have two warships at Honolulu, it may fairly be inferred that the administration feels that the time is approaching when it must give some actual demonstration of the weight it attaches to the declared policy of the government contained in the joint resolution passed by congress and approved by President Cleveland, that the United States will not permit foreign interference in the affairs of the Hawaiian islands.

### SENATOR VOORHEES.

Death of the "Tall Sycamore of the Wabash."

WASHINGTON, April 10.—Daniel Wolsey Voorhees, ex-United States senator from the state of Indiana, died at 5 o'clock this morning at his home in this city.

The senator had been in bad health for several years, and for at least two years past had taken little part in the proceedings in the senate. He has been a constant sufferer from rheumatism of the heart, and his friends, therefore, had come to expect that he might hear of his death suddenly. The last reports of him, however, were that he was showing some signs of improvement, and his health, therefore, while not entirely unexpected, caused a shock.

Senator Voorhees' death was caused by an attack of angina pectoris. His health was so poor during the recent political campaign that he could not participate in it, but after his return to Washington in November he seemed to improve in health. Two weeks ago the old rheumatic trouble returned and three days ago his condition became alarming, but the senator did not confine himself to his bed and the family felt no immediate alarm. It was not until half an hour before the final summons came that any one realized death was near.

The senator's son, Rees N. Voorhees, had remained in the room with his father during the night and was awakened at about 4 o'clock this morning by his father, who was then suffering great pain in the region of the heart. He refused, however, to allow a physician to be called, saying the pain had passed away. Half an hour later he appeared much better. He got out of bed and walked to the bathroom, his son being with him.

When they entered the hallway the senator was attacked by a more severe spasm than he had yet experienced, and fell into a semi-conscious condition into his son's arms. The latter carried the dying man back to his bed, and summoned Dr. Shoup. It was too late, however, and the ex-senator soon passed away without regaining full consciousness.

ness. His daughter, Miss Hallie Voorhees, and the physician were present when he died.

The remains will be taken to Terre Haute, Ind., the senator's home for many years, for interment.

### THE NEWS IN ATHENS.

It Is Believed the Invasion Will Be Followed by a General Uprising.

LONDON, April 11.—The Times' Athens correspondent says:

The news of the incursion into Turkish territory has been received here with jubilation. The general belief is that nothing can now restrain the army, which is bound to follow across the frontier in a few days.

The Athens newspapers reflect the popular enthusiasm and contain highly optimistic forecasts of the campaign of the band in Macedonia, where its presence is expected to exert a magic influence on the Christian population, and to be a signal for a general uprising. The former exploits of the famous insurgent leaders accompanying the expedition afford, it is believed, a guarantee of splendid success in the future.

One newspaper says that the die is now cast; that a successful beginning has been made; that it is all over with diplomacy and identical notes of blockade, and that the eloquent voice of the rifle has spoken at last.

A telegram from Arta tonight says that Greek bands are crossing the frontier at various points, and that war seems inevitable.

### Greece Suppressed the News.

LONDON, April 11.—The correspondent of the Daily News at Larissa will say tomorrow:

As an alleged indication of the connivance of the Greek government at the raid last Friday, it is pointed out that orders were sent to all the telegraph stations of the country on the day the band started to refuse to accept messages in cipher, while open telegrams announcing the fact of the raid were not to be accepted. This recalls the sudden derangement of Greek telegraphic communication on the day when Colonel Vassos started for Crete, preventing the diplomats from advising their governments of the expedition.

It is rumored that the resignation of M. Delyannis and the cabinet is possible and that the powers have again offered governorship of Crete to Prince Waldemar of Denmark, but that the Duc de Charles has advised his son-in-law to decline a candidature which is opposed by Italy and Austria.

### Details of the Invasion.

ATHENS, April 10.—Dispatches from Larissa give the details of the invasion Macedonia by a force of irregular Greek troops. Three thousand men, it is announced, crossed the frontier on Wednesday. The expedition was commanded by ex-officers of the regular army of Greece and included a band of Italian volunteers, commanded by Colonel Cipriani. All the Greeks were well armed, and had been equipped at the expense of the Ethniké Hetairia, a Greek secret society, which has been the root and branch of the present crisis, practically controlling the country.

The irregulars were given an enthusiastic send-off by the Thessalians and Greek troops. The latter made no attempt to prevent the departure. It cannot be claimed the movement was unknown to the Greek authorities. Two Greek flags were solemnly entrusted to the insurgents and good arrangements been made for forwarding food and supplies. News of the invasion caused the most intense excitement here.

### Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Blakeley & Houghton's drug store.

### Pension Order to Be Revoked.

WASHINGTON, April 12.—A sweeping order of President Cleveland affecting consolidation of pension agencies will be revoked by President McKinley if present plans are carried out. Though it is stated no conclusion has been reached on the matter, the president, it is learned, has practically become convinced it should never be allowed to become operative.

### Cash in Your Checks.

All county warrants registered prior to Nov. 15, 1892, will be paid at my office. Interest ceases after April 7, 1897.

C. L. PHILLIPS,  
County Treasurer.

## TAURUS ASCENDANT

A Bull Comes Out Winner in a Fight.

### ALGER SAYS THE WORST IS OVER

Thinks the Floods Have Reached Their Highest, and That the Homeless Can Be Easily Cared For.

YUMA, Ariz., April 12.—La Gran Fiesta de Yuma wound up last night with Wild West sports and Spanish bullfights, which constituted a crowning feature of the five days revelry. The feature of the show which drew the crowds was the Spanish bullfight, headed by the renowned fighter, Captain Carlos Garcia, from Juarez, Mexico.

Captain Garcia and his troop of toreadors and picadors, including La Carlota, a female bullfighter, displayed wonderful skill in fighting the fierce animals, but a magnificent bull proved himself invincible, and before he was dispatched in the third fight in which he was used, he caught Captain Garcia and ripped open his jaw. His wounds may prove fatal.

After going and badly mutilating Garcia, the bull stung to frenzy by the torments of toreadors and picadors, charged full at the bull pen, and though it was strongly built, after several desperate attempts, he smashed a panel of the pen and charged into the grounds which were filled with people. Many were injured. The roulette table stacked with gold and silver coins, was tossed high in the air and the money scattered in the dust. Straight through the main street went the bull, but fortunately no more people were in the way. After a long chase and hard work the bull was captured.

### Alger Says the Worst Is Over.

WASHINGTON, April 12.—Secretary Alger thinks the worst of the flood danger is passed in the Mississippi valley, and with a force of the war department, which is in the field co-operating with the local relief committees, there is small danger that suffering will be permitted to go unchecked and unrelieved.

### A BURGULAR'S SUICIDE.

Killed Himself After Shooting a Spokane Police Officer.

SPOKANE, April 12.—Police Officer McPhee lies in a critical condition, with a bullet wound in his neck. The dead body of the man who shot the officer lies in the city morgue. McPhee had the man under arrest and was taking him to the station, when the prisoner sprang back and fired a revolver at the officer. The ball struck McPhee in the jaw, went through the neck and lodged near the vertebrae.

The man who did the shooting was Arthur Chappelle of Dayton, Wash., where he has a wife and five children. He was wanted for burglary. After shooting McPhee he ran through the city several blocks and concealed himself in an outhouse. He was pursued by Deputy Sheriff Ferguson and a crowd of angry citizens.

As the deputy pulled the door open a shot was fired inside, and the officer thinking he was being fired upon shot at the man inside. Chappelle fell to the floor and was dead in a moment. It was then seen that he had shot himself through the head. Ferguson's bullet passed through the burglar's arm and made a flesh wound in his side.

### SPEECH CAUSED A SENSATION.

Goschen Says England Will Maintain Her Power in South Africa.

LONDON, April 12.—The speech of the first lord of the admiralty, George J. Goschen, at the farewell banquet tendered on Saturday to Sir Alfred Milner, the newly appointed high commissioner of Great Britain in South Africa, has produced a great sensation, and the imminence of war between Great Britain and the Transvaal is the common talk of the street.

Referring to the presence of British blue-jackets and marines in South Africa, Mr. Goschen said:

"They are to represent to Sir Alfred Milner the British power in South Africa. They are the guarantee to him and to our colonists, the loyal men who support British rule, that the country is determined to maintain its power in those quarters, and that it will back its high commissioner with the power of the British empire."

A dispatch from Cape Town confirms the report, apparently, of the dispatch of the British war vessel Raccoon sailed today from Cape Town under sealed orders. The officials there refused to divulge her destination, but it

Celebrated for its great leavening strength and healthfulness. Assures the food against all forms of adulteration common to the cheap brands.

ROYAL BAKING POWDER CO. NEW YORK.

is rumored that she is bound for Delagoa bay, and the report is believed.

It is semi-officially announced this afternoon that the British troops going to South Africa are merely intended to relieve the regiments already there which are bound for home at the expiration of their terms of foreign service.

### The War in Cuba.

HAVANA, April 12.—Captain-General Weyler left Placetas yesterday, escorted by the cavalry of the Puerto Principe regiment, and arrived early this morning at Santa Clara. He was not expected.

The gunboat Baracoa was fired upon by insurgents in the Mayari river, which returned the fire.

General Bernal sailed today for Spain. Instructions have been issued for a summary court-martial of Jose Guenero, Manuel Lomez and Jose Martinez, on charges of rebellion.

Ladies of the Red Cross Society have distributed money, clothing and tobacco to 300 sick soldiers at Matanzas.

### Stands at the Head.

AUG. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs, and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at Blakeley & Houghton's drug store. 1

### Cubans Want Judge Day.

PHILADELPHIA, April 12.—In local Cuban circles it is reported that President Betancourt, of the Cuban republic, has ordered the junta in this country to urge on President McKinley that he endeavor to make arrangements to the end that Judge Day, of Canton, shall be sent to Cuba as special commissioner, that he may be permitted by the Spanish authorities to visit President Betancourt at Cabañas to obtain a true insight into the conditions prevailing at the seat of the Cuban government.

Two years ago R. J. Warren, a druggist at Pleasant Brook, N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chamberlain's Cough Remedy is a household word." It is the same in hundreds of communities. Where ever the good qualities of Chamberlain's Cough Remedy become known the people will have nothing else. For sale by Blakeley & Houghton.

### Bryan Still Suffering.

WASHINGTON, April 12.—William J. Bryan returned to Washington today from Florida. He is still suffering as the result of the accident at St. Augustine, and is considerably bruised. His worst injury is on the left side, which pains him greatly when going about. The force of the fall can be judged from the fact that a silver watch which Bryan carried in his vest pocket was crushed completely out of shape.

Mrs. A. Inveen, residing at 720 Henry St., Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by Blakeley & Houghton.
